

**Bio-Logic Science Instruments**  
**EC-Lab development package for OEM applications**  
**Software License Agreement**

This document is an agreement. Before to download the software and/or to end the installation process, please read carefully the present agreement.

**1- Customer license Agreement for users**

This software is licensed by Bio-Logic Science Instruments to you for use on the terms set forth below. By opening the sealed software package, and/or by using the software, you agree to be bound by the term of this agreement.

Bio-Logic Science Instruments hereby agrees to grant you a nonexclusive license to use the enclosed Bio- Logic software subject to the terms and restrictions set forth in this License Agreement.

**2- Copyright**

The software and its documentation are owned by Bio-Logic Science Instruments and are protected by France copyright state laws and international treaty provisions. This software may not be copied for resale or for bundling with other products without prior written permission from Bio-Logic Science Instruments.

**3- Restrictions**

You may not reverse engineer, decompile, disassemble, or create derivatives works from the software. You agree to not export the software in violation of any France statutes or regulation. You own the media on which the software is recorded but Bio-Logic Science Instruments owns the software and all copies of the software.

**4- Termination**

This license is effective until terminated. You may terminate it by destroying the software and its documentation and all copies thereof. This license will also terminate if you fail to comply with any term or condition of this agreement. You agree upon such termination to destroy all copies pf the software and its documentation.

**5- Product improvements**

Bio-Logic Science Instruments reserves the right to make corrections or improvements to the software and its documentation and to the related media at any time without notice, and with no responsibility to provide these changes to purchasers of earlier versions of such products.

## 6- Limited warranty and disclaimer of liability

Bio-Logic Science instruments warrants that the media on which the software is recorded and the documentation provided with the software are free from defects in materials and workmanship under normal use.

Bio-Logic Science instruments has no control over your use of the software. Therefore Bio-Logic Science instruments does not, and cannot, warrant the results or performances that may be obtained by its use. The entire risk as to the results and performance of the software is assumed by you. Should the software or its documentation prove defective, you assume the entire cost of all necessary servicing, repair or correction.

Neither Bio-Logic Science instruments nor anyone else who has been involved in the creation, production, or delivery of this software and its documentation shall be liable for any direct, indirect, consequential, or incidental damages arising out of the use or inability to use such products, even if Bio-Logic Science instruments has been advised of the possibility of such damages or claim.

This warranty is in lieu of all other warranties, expressed or implied. Some states do not allow the exclusion or limitation of implied warranties or liability of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

This agreement is governed by the laws of France.
